³ National Income and Product Accounts Table, Bureau of Economic Analysis, revised Feb, 25, 2021, Table 1.1.4, <https://apps.bea.gov/iTable/iTable.cfm?reqid=19&step=2#reqid=19&step=3&isuri=1&1910=x&0=-99&1921=survey&1903=4&1904=2015&1905=2017&1906=a&1911=0> (GDP-CPI table; based on gross domestic product average across four quarters of 112.318 in 2019 and 113.630 in 2020, we calculate an increase of 1.2%). Note that the 2019 gross domestic product figure has been revised downward by the Bureau of Economic Analysis (BEA) since the Bureau announced the E-Rate and RHC program funding caps for funding year 2020. *See Wireline Competition Bureau Announces E-rate and RHC Programs' Inflation-Based Caps for Funding Year 2020*, CC Docket No. 02-06, WC Docket No. 02-60, Public Notice, 35 FCC Rcd 2062, n.3 (WCB 2020) (*2020 Inflation Funding Cap Public Notice*) (using a gross domestic product figure of 112.347 for 2019 to determine E-Rate and RHC programs' funding caps for funding year 2020).

⁴ This represents a \$50,713,446 increase for the E-Rate program funding cap as a whole, including a \$37,939,922 increase for the category one services funding level and a \$12,773,524 increase for the category two services funding level. *See* 47 CFR § 54.507(a)(3) (noting that the Bureau will release a public notice "announcing any increase of the annual funding cap including any increase to the \$1 billion funding level available for category two services based on the rate of inflation"). The 2021 funding year runs from July 1, 2021 to June 30, 2022.

program funding keeps pace with the changing broadband and telecommunications needs of schools and libraries.⁶

RHC Program: The RHC Program funding cap for funding year 2021 is \$612,016,418.⁷ The internal cap for upfront payments and multi-year commitments under the Healthcare Connect Fund Program is \$154,532,400.⁸ These new caps represent a 1.2% inflation-adjusted increase in the \$604,759,306 RHC Program funding cap and the \$152,700,000 internal cap on multi-year commitments and upfront payments from funding year 2020.⁹ The Commission began indexing the RHC Program funding cap to inflation in 2018 to ensure that RHC Program funding keeps pace with the changing broadband and telecommunications needs of rural healthcare providers.¹⁰ It began indexing the internal cap on multi-year commitments and upfront payments to inflation in 2020 to prevent inflation from eroding the purchasing power of health care providers requesting multi-year commitments and upfront payments under the Healthcare Connect Fund Program.¹¹
